Pictures & text available on the accompanying CD

January 2010

Plant, decorate and organise

Plant markers, adorned with hand carved insects, decorate and organise spring flower beds.

The marker is placed down in the earth in order to clearly show what has been planted for the season. Simply write the name of the plant on the sign using a normal wax crayon, which is both weather and wind resistant. When a new season comes, just wash off the text and reuse the sign for your next planting. The Plant markers are decorated with hand carved insects; choose between bumble bees, ladybirds or mayflies. The Plant markers is manufactured out of wood and painted in environmentally-friendly, waterproof, acrylic paint.

Product fact

Name:	Plant marker
Article number:	WG571, WG572, WG573
Quality:	Hand carved and brush painted with environmentally friendly paint
Material:	Lime tree/Pine
Recommended Sales price:	4,95 GBP
Miscellaneous:	Individually packed in a gift box
Place of purchase:	A list of retailers is available at www.wildlifegarden.info . You will also find our web shop at this address.
